#### MIDCOMP (PTY) LTD

Midcomp (Pty) Ltd is a 34-year-old company

specialising in the sales, service and support of large format digital printing and finishing equipment. We have a full spectrum of solutions, from small print and cut systems capable of short-run production through to high volume printers. We also specialise in Zünd Swiss cutting systems for digital finishing with a high degree of automation, reducing both waste and reliance on resources.

Midcomp (Pty) Ltd offers world-class support, with a team of 13 factory-trained field service engineers that have the fastest measured response times in the industry. We also offer our customers a production backup facility at our Innovation Hub. In the event of a customer experiencing technical failure, they can continue production at our facility while a field service engineer resolves the problem, thus ensuring that deadlines are met.

Midcomp is the only company to offer a Pay Per Use (PPU) system where customers pay only for the square metres printed with all consumable costs included (excl. media). The PPU programmes allies to HP Latex printers. Another option is the world first PPUGRO programme that includes the cost of the equipment in the square metres printed. As part of our 'Catalyst for Growth' promise we have evolved into a group of three focal companies, which include Midcomp Azero (large format printers and plotters) and Midcomp Consumables (digital print media).

With branches in Johannesburg, Cape Town and Durban, Midcomp (Pty) Ltd sells to and supports the whole of South Africa, including neighbouring countries. We offer onsite and online demos.
